

Rumeysa S.

El Cajon, CA 92021 | (949) 617-7688 | rumeysaserce@gmail.com

PROFESSIONAL SUMMARY

Architectural design and CAD specialist with **7+ years of progressive experience** in residential architecture, interior design, and technical drafting. Deep domain expertise in translating conceptual designs into code-compliant construction documents across multiple software platforms including Revit, AutoCAD, Chief Architect, and SketchUp. Proven track record of managing full project lifecycles from client consultation through jurisdictional submittal. Skilled at evaluating technical accuracy, interpreting building codes, and producing publication-ready architectural documentation. Bilingual professional (English/Turkish) with strong analytical reasoning and meticulous attention to detail.

DOMAIN EXPERTISE

- Residential Architecture & Design
- Kitchen & Bath Design (High-End)
- 3D Visualization & Rendering
- Building Code Interpretation & Compliance
- Jurisdictional Permit Submittals
- Material & Finish Selection
- Construction Document Production
- Telecom Infrastructure Design (ISP/OSP/DAS)
- Field Measurement & Site Assessment

TECHNICAL SKILLS

- CAD & BIM Software:** Revit, AutoCAD (2D Drafting), Chief Architect, SketchUp
Design Software: 2020 Design Live, 3D Rendering & Visualization Tools
Documentation: Construction Drawings, Site Plans, As-Built Drawings, Permit Sets, Floor Plans
Technical Knowledge: IBC/IRC Building Codes, ADA Compliance, Zoning Regulations, Material Specifications
Spatial Design: Conceptual space exploration, transforming environments across interior design styles
Languages: Fluent in English, Proficient in Turkish

PROFESSIONAL EXPERIENCE

Architectural CAD Designer | UR Buildings

San Diego, CA · 2023 – Present

- Produce full architectural drawing sets for residential permit submittals using AutoCAD, Revit, and Chief Architect, ensuring technical accuracy across all deliverables.
- Interpret and apply IBC/IRC building codes, zoning ordinances, and jurisdiction-specific requirements to guarantee first-pass approval on permit applications.
- Lead full home design and renovation projects end-to-end — developing concepts, creating visualizations, and presenting fully realized design proposals directly to clients.
- Consult with clients on material selection, finishes, and design elements, translating aesthetic preferences into code-compliant, buildable specifications.
- Provide professional design support throughout the project lifecycle, collaborating with lead designers to refine intent and resolve constructability issues.

Revit / CAD Technician | SUP Design Group

San Diego, CA · 2021 – 2023

- Drafted and revised technical drawings in Revit and AutoCAD in close coordination with project managers, engineers, and fellow CAD staff, maintaining version control and drawing standards.
- Created site plans, conceptual drawings, construction documents, and as-built drawings for ISP/OSP, DAS, small cell, fiber layout, and traffic control design projects.

- Conducted on-site field measurements and assessments to capture existing conditions and inform accurate drawing production.
- Verified all deliverables against governing agency requirements, building codes, and client specifications prior to submission.

CAD Technician | SUP Design Group

San Diego, CA · 2019 – 2021

- Produced site plans, conceptual designs, and full construction drawing packages for telecom infrastructure projects including ISP/OSP, DAS, and small cell deployments.
- Developed fiber layout and traffic control design documentation in compliance with municipal and state-level regulatory standards.
- Ensured all drawings met building codes and governing agency requirements, reducing revision cycles through thorough quality control.

Kitchen & Bath Designer | Remodel Works

Poway, CA · 2017 – 2019

- Managed complete design lifecycle for high-end residential kitchen and bath remodels — from initial client consultation and conceptual design through material selection, code verification, and construction support.
- Generated detailed floor plans, elevation drawings, and 3D renderings using 2020 Design Live and SketchUp, enabling clients to visualize finished spaces prior to construction.
- Verified compliance with building codes at every project phase, coordinating with contractors to ensure adherence during construction.

EDUCATION

Associate of Science in Interior Design

San Diego Mesa College, San Diego, CA · 2014 – 2017

Relevant Coursework: Architectural Drafting, Space Planning, Materials & Specifications, Construction Documents, Color Theory, CAD Applications, Building Codes & Standards
